Fresh-faced since 2016, Youth Grotesque saw the light of day following an invitation by artist and curator Sebastien Pesot. This razor-edged family of seven weights was first developed as an artistic proposition for the project *Dans un monde post : un événement post-punk*. Sharp angles and hijacked historical references lend a bombastic individuality to the typeface. Now completely redrawn, its character set augmented with numerous stylistic alternates, Youth Grotesque definitely has the maturity needed to strike out on its own.
